Request Description

Short Description :

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, the Southern Environmental Law Center ("SELC") requests all documents in the possession or control of the Environmental Protection Agency ("EPA") that relate to the Alabama Department of Transportation's ("ALDOT") application for their Clean Water Act Section 404 permit (noticed as SAM-2011-01079-CMS) for the Birmingham Northern Beltline (Project HPP-1602(530)(502)(531)(532).

We request documents that highlight and substantiate the EPA's concerns documented in Jim Giattina's, Region 4 Director of Water Protection, August 17, 2011 "A" letter to Colonel Roemhildt and in Gwendolyn Keyes Fleming's, Region 4 Regional Administrator, September 11, 2012 "B" letter to Colonel Roemhildt. We also request documents that were produced in an attempt to ameliorate those concerns.

These documents are to include, but are not limited to:

- 1) Any environmental, economic, or other studies and/or draft studies concerning the Northern Beltline that were used by the EPA when writing the letters, and those studies completed by any agency after August 17, 2011;
- 2) Any written or electronic correspondence concerning ALDOT's application of the 404 permit, SAM-2011-01079-CMS;
- 3) Any written or electronic minutes from meetings regarding ALDOT's application of the 404 permit, SAM-2011-01079-CMS.

For the purposes of this request, the term "documents" includes all written, printed, recorded or electronic materials,

communications, correspondence, memoranda, notations, copies, diagrams, charts, maps, photographs, tables, spreadsheets, formulas, directives, observations, impressions, contracts, letters, messages and mail in the possession or control of EPA.
